SUBJECT INDEX, VOLUME 144

(CR = case report; E = editorial)

Abdomen
- Alternatives to splenectomy in adults after trauma. Repair, partial resection, and reimplantation of splenic tissue, 711
- Appendectomy in childhood. Analysis of 105 negative explorations, 335
- Discordance in the sizing of abdominal aortic aneurysms and its significance, 627
- Gastroschisis and omphalocele, 650
- Morbidity and mortality in hepatic trauma. A 5 year study, 88
- Percutaneous catheter drainage of intraabdominal fluid collections including infected biliary ducts and gallbladders, 660
- Peritoneal lavage and angiography in the management of patients with pelvic fractures, 744
- Prognosis of acute nonspecific abdominal pain. A prospective study, 338
- Should aortography be used routinely in the elective management of abdominal aortic aneurysm? 53
- Treatment priorities in combined blunt abdominal and aortic trauma, 728

Abscess
- Pancreatic abscess: an unresolved surgical problem, 534
- Percutaneous catheter drainage of intraabdominal fluid collections including infected biliary ducts and gallbladders, 660
- Periareolar abscess in the nonlactating breast, 359

Absorption
- Water-ionic shifts and absorption in relation to intraintestinal hyperosmolality in the rat, 562

Achalasia
- Incidence, pattern, and African variations of common benign disorders of the esophagus. Experience from Nigeria, 273

Achilles tendon
- Wound coverage in the Achilles region, 376

Adenocarcinoma
- Adenocarcinoma of salivary origin. Clinicopathologic study of 204 patients, 423

Adenoma
- Adrenalectomy: anterior or posterior approach? 322
- Local excision of low and mid-rectal villous adenomas (E), 291

Adrenal gland
- Adrenalectomy: anterior or posterior approach? 322
- Adrenal surgery: trends during the seventies, 523

Adult respiratory distress syndrome
- Clinical predictors of the adult respiratory distress syndrome, 124

Aerodigestive tract
- Premalignant changes in normal appearing epithelium in patients with squamous cell carcinoma of the upper aerodigestive tract, 401

Africa
- Incidence, pattern, and African variations of common benign disorders of the esophagus. Experience from Nigeria, 273

Alcohol intoxication
- Effects of ethanol ingestion on the severity and outcome of trauma, 153

American Board of Surgery
- Observations on the American Board of Surgery in-training examination, board results, and conference attendance, 292

Amputation
- Early surgical decompression in the management of electrical injuries, 733
- Noninvasive evaluation of peripheral vascular disease using transcutaneous oxygen tension, 68

Anal sphincter
- New concept of the anatomy of the anal sphincter mechanism and the physiology of defecation. XV. Chronic anal fissure: a new theory of pathogenesis, 262

Anastomotic leak
- Modern management of anastomotic leak after esophagogastrectomy, 95

Aneurysms
- Aneurysmectomy in the octogenarian. A study of morbidity and quality of survival, 194
- Application of intestinal staplers to aortoiliac surgery, 198
- Discordance in the sizing of abdominal aortic aneurysms and its significance, 627
- Recurrent carotid stenosis or false

aneurysm. A simple approach, 573
Routine aortography before abdominal aortic aneurysmectomy. A prospective study, 191
Should aortography be used routinely in the elective management of abdominal aortic aneurysm? 53
Angiography
Carotid artery surgery based on digital subtraction angiography, 211
Noninvasive cerebrovascular evaluation: a prerequisite for angiography? 203
Peritoneal lavage and angiography in the management of patients with pelvic fractures, 744
Routine aortography before abdominal aortic aneurysmectomy. A prospective study, 191
Should aortography be used routinely in the elective management of abdominal aortic aneurysm? 53
Anoscope
An improved technique of rubber band ligation of hemorrhoids, 379
Antibiotics
Antibiotic management of surgically treated gangrenous or perforated appendicitis. Comparison of gentamicin and clindamycin versus cefamandole versus cefoperazone, 8
Short-term systemic prophylaxis with cefoxitin and doxycycline in colorectal surgery. A prospective, randomized study, 257
Antrectomy
Age and morbidity of vagotomy with antrectomy or pyloroplasty, 694
Parietal cell vagotomy in a surgical training program, 689
Anus
New concept of the anatomy of the anal sphincter mechanism and the physiology of defecation. XV. Chronic anal fissure: a new theory of pathogenesis, 262
Aorta
Application of intestinal staplers to aortoiliac surgery, 198
Discordance in the sizing of abdominal aortic aneurysms and its significance, 627
Routine aortography before abdominal aortic aneurysmectomy. A prospective study, 191
Should aortography be used routinely in the elective management of abdominal aortic aneurysm? 53
Treatment priorities in combined blunt abdominal and aortic trauma, 728
Apocrine glands
Advanced hidradenitis suppurativa. Review of surgical treatment in 23 patients, 668
Appendectomy
Appendectomy in childhood. Analysis of 105 negative explorations, 335
Surgical outcome for resident and attending surgeons, 250
Appendicitis
Antibiotic management of surgically treated gangrenous or perforated appendicitis. Comparison of gentamicin and clindamycin versus cefamandole versus cefoperazone, 8
Appendectomy in childhood. Analysis of 105 negative explorations, 335
Arm
Early surgical decompression in the management of electrical injuries, 733
Arteries
Application of intestinal staplers to aortoiliac surgery, 198
Carotid artery injuries, 748
Carotid artery surgery based on digital subtraction angiography, 211
Cervical chemodectoma. Technical considerations and management options, 215
Diagnosis of carotid stenosis by bruit spectral analysis, 207
Evaluation of extracranial cerebrovascular disease in the hypertensive patient with ocular pneumoplethysmography at 500 mm Hg, 306
Intraoperative assessment of limb revascularization by Doppler-derived segmental blood pressure measurements, 578
Patency of polytetrafluoroethylene microarterial prostheses improved by Ibuprofen, 180
Penetrating injuries of the iliac vessels. Early recognition and management, 642
Recurrent carotid stenosis or false aneurysm. A simple approach, 573
Routine aortography before abdominal aortic aneurysmectomy. A prospective study, 191
Should aortography be used routinely in the elective management of abdominal aortic aneurysm? 53
Superiority of the femoral artery for monitoring. A prospective study, 309
Tibial artery injuries, 362
Ultrasonographic screening for evaluation and follow-up of carotid artery ulceration. A new basis for assessing risk, 614
Vein patch venoplasty. A method to increase diameter of reversed saphenous vein grafts at the proximal anastomosis, 365
Ascites
Denver peritoneovenous shunt: relationship between hepatic reserve and successful treatment of ascites, 619
Autotransplantation
Alternatives to splenectomy in adults after trauma. Repair, partial resection, and reimplantation of splenic tissue, 711
Biliary tract
Bile duct cysts. Experience with 15 patients, 295
Effect of biliary reconstruction procedures on gastric acid secretion, 549
Endoscopic retrograde cholangiopancreatography, 109
Factors influencing outcome in patients with postoperative biliary strictures, 14
Frequency and indication for choledochoduodenostomy in benign biliary tract disease. Reassessment of therapeutic application, 682
Inhibition of pepsin activity by unconjugated bile acids. Inverse relation to number of hydroxyl groups, 300
Percutaneous catheter drainage of intraabdominal fluid collections including infected biliary ducts and gallbladders, 660
Usefulness of diagnostic tests for biliary obstruction, 102
Birth defects
Gastroschisis and omphalocele, 650
Bivalent cations
Hazardous practices currently recommended in intestinal analysis (E), 497
Bleeding
Endoscopic noninvasive manometry of esophageal varices: prognostic significance, 528
Surgical shrapnel, 597
Blood
Endotoxemia, disturbance of coagulation, and obstructive jaundice, 325
Superiority of the femoral artery for monitoring. A prospective study, 309
Blood pressure
Effects of intraluminal pressure on regional blood flow in obstructed and unobstructed small intestine in the rat, 558
Intraoperative assessment of limb revascularization by Doppler-derived segmental blood pressure measurements, 578
Blood retrieval
Autologous blood retrieval in thoracic, cardiovascular, and orthopedic surgery, 48
Bone
Reimplantation of freeze-treated bone in immediate reconstruction of the mandible, 463
Books
Book reviews, 290, 495, 755
Books received, 288, 494, 754
Breast
Incidence of lobular carcinoma in bilateral breast cancer, 635
Periareolar abscess in the nonlactating breast, 359
Recurrent and metastatic cystosarcoma phyllodes, 341
Bronchi
Methods for avoiding a dire surgical complication: bronchopleural fistula after pulmonary resection, 136
Serum zinc levels and urinary zinc excretion in patients with bronchogenic carcinoma. Effects of tumor resection, 355
Bruits
Diagnosis of carotid stenosis by bruit spectral analysis, 207
Burns
Early surgical decompression in the management of electrical injuries, 733
Early surgical excision versus conventional therapy in patients with 20 to 40 percent burns. A comparative study, 76
Nutritional evaluation of a blenderized diet in five major burn patients, 655
Bypass
Femoropopliteal tibial bypass: what price failure? 115
Intraoperative assessment of limb revascularization by Doppler-derived segmental blood pressure measurements, 578
Recurrent carotid stenosis or false aneurysm. A simple approach, 573
Cancer
Adjuvant chemotherapy in advanced head

and neck cancer. An update, 432
Advanced basal cell cancer. Prognosis and treatment philosophy (E), 392
Bile duct cysts. Experience with 15 patients, 295
Chemotherapy of locally aggressive head and neck tumors in the pediatric age group. Desmoid fibromatosis and nasopharyngeal angiofibroma, 437
Cis-platinum and 5-fluorouracil as induction therapy for advanced head and neck cancer, 445
Decreased prevalence of gallstones in gastric cancer, 531
Incidence of lobular carcinoma in bilateral breast cancer, 635
Liposarcoma of the leg, 44
Lymphatic spread and its prognostic value in patients with rectal cancer, 350
Modern management of anastomotic leak after esophagogastrectomy, 95
One-stage composite reconstruction using the latissimus myoosteocutaneous free flap, 470
Primary malignant retroperitoneal tumors. Current management, 646
Recurrent and metastatic cystosarcoma phyllodes, 341
Risk factors for the development of distant metastases in patients undergoing pelvic lymphadenectomy for prostatic cancer, 131
Surgical management and reconstruction of extensive chest wall malignancies, 146
Synchronous bilateral neck dissection, 452
Use of thyroid scans in the selection of surgical patients, 639

Carbonic anhydrase
Inhibition of gastric mucosal carbonic anhydrase by taurocholic acid and other ulcerogenic agents, 554

Carcinogens
Premalignant changes in normal appearing epithelium in patients with squamous cell carcinoma of the upper aerodigestive tract, 401

Carcinoma
Adenocarcinoma of salivary origin. Clinicopathologic study of 204 patients, 423
Adrenal surgery: trends during the seventies, 523
Advanced basal cell cancer. Prognosis and treatment philosophy (E), 392
Carcinoma of the subglottic larynx, 456
Colorectal carcinoma in patients with ulcerative colitis, 344
Incidence of lobular carcinoma in bilateral breast cancer, 635
Management of medullary carcinoma of the thyroid, 420
Premalignant changes in normal appearing epithelium in patients with squamous cell carcinoma of the upper aerodigestive tract, 401
Serum zinc levels and urinary zinc excretion in patients with bronchogenic carcinoma. Effects of tumor resection, 355
Triple endoscopy. A valuable procedure in head and neck surgery, 416
Use of thyroid scans in the selection of surgical patients, 639

Cardia
Modern management of anastomotic leak after esophagogastrectomy, 95

Cardiovascular dysfunction
Unappreciated causes of ischemia in the leg, 225

Carotid artery
Carotid artery injuries, 748
Carotid artery surgery based on digital subtraction angiography, 211
Cervical chemodectoma. Technical considerations and management options, 215
Diagnosis of carotid stenosis by bruit spectral analysis, 207
Evaluation of extracranial cerebrovascular disease in the hypertensive patient with ocular pneumoplethysmography at 500 mm Hg, 306
Recurrent carotid stenosis or false aneurysm. A simple approach, 573
Ultrasonographic screening for evaluation and follow-up of carotid artery ulceration. A new basis for assessing risk, 614

Catheterization
A technique of anchoring a catheter in a feeding gastrostomy, 370
Percutaneous catheter drainage of intraabdominal fluid collections including infected biliary ducts and gallbladders, 660
Percutaneous placement of Hickman catheters for prolonged venous access, 624
Superiority of the femoral artery for monitoring. A prospective study, 309
Use of a split-sheath vein introducer for subclavian venipuncture in the placement of silicone catheters for chronic venous access, 367

Cefoxitin
Short-term systemic prophylaxis with cefoxitin and doxycycline in colorectal surgery. A prospective, randomized study, 257

Cells
Advanced basal cell cancer. Prognosis and treatment philosophy (E), 392
Origin of tubular complexes in human chronic pancreatitis, 243
Parietal cell volume, hypergastrinemia, and gastric acid hypersecretion after small bowel resection. Experimental study, 269

Cephalosporins
Antibiotic management of surgically treated gangrenous or perforated appendicitis. Comparison of gentamicin and clindamycin versus cefamandole versus cefoperazone, 8

Cerebrovascular disease
Evaluation of extracranial cerebrovascular disease in the hypertensive patient with ocular pneumoplethysmography at 500 mm Hg, 306
Noninvasive cerebrovascular evaluation: a prerequisite for angiography? 203

Chemodectoma
Cervical chemodectoma. Technical considerations and management options, 215

Chemotherapy
Adjuvant chemotherapy in advanced head and neck cancer. An update, 432
Chemotherapy of locally aggressive head and neck tumors in the pediatric age group. Desmoid fibromatosis and nasopharyngeal angiofibroma, 437
Cis-platinum and 5-fluorouracil as induction therapy for advanced head and neck cancer, 445
Primary malignant retroperitoneal tumors. Current management, 646

Chest
Anatomy of the intercostal nerve: its importance during thoracic surgery, 371
Evaluation of diaphragmatic injuries, 671
Surgical management and reconstruction of extensive chest wall malignancies, 146
Treatment priorities in combined blunt abdominal and aortic trauma, 728

Children
Appendectomy in childhood. Analysis of 105 negative explorations, 335
Chemotherapy of locally aggressive head and neck tumors in the pediatric age group. Desmoid fibromatosis and nasopharyngeal angiofibroma, 437
Duplication of the ileum (CR), 285
Esophageal replacement in infants and children by colon interposition, 29

Cholangiopancreatography
Endoscopic retrograde cholangiopancreatography, 109
Usefulness of diagnostic tests for biliary obstruction, 102

Cholecystectomy
Decreased prevalence of gallstones in gastric cancer, 531

Choledochoduodenostomy
Frequency and indication for choledochoduodenostomy in benign biliary tract disease. Reassessment of therapeutic application, 682

Choledochojejunostomy
Effect of biliary reconstruction procedures on gastric acid secretion, 549

Cholelithiasis
Endoscopic retrograde cholangiopancreatography, 109

Cimetidine
Giant duodenal ulcer, 330
Peptic ulcer disease following transplantation: the role of cimetidine, 545

Cirrhosis
Effect of operations for variceal hemorrhage on hypersplenism, 700

Cis-platinum
Cis-platinum and 5-fluorouracil as induction therapy for advanced head and neck cancer, 445

Closure
Application of intestinal staplers to aortoiliac surgery, 198
Methods for avoiding a dire surgical complication: bronchopleural fistula after pulmonary resection, 136

Coagulation
Endotoxemia, disturbance of coagulation, and obstructive jaundice, 325

Coagulopathy
Severe liver trauma in the face of coagulopathy. A case for temporary packing and early reexploration, 717

Coccydynia
Levator syndrome and its treatment with high-voltage electrogalvanic stimulation, 580

Colitis
Colorectal carcinoma in patients with

ulcerative colitis, 344
Endorectal ileal pullthrough with ileal reservoir for ulcerative colitis and polyposis, 81
Colon
Colorectal carcinoma in patients with ulcerative colitis, 344
Esophageal replacement in infants and children by colon interposition, 29
Short-term systemic prophylaxis with cefoxitin and doxycycline in colorectal surgery. A prospective, randomized study, 257
Computerized tomography
Adrenal surgery: trends during the seventies, 523
Comparison of ultrasonography, computerized tomography, and radionuclide imaging in the diagnosis of acute and chronic cholecystitis, 676
Discordance in the sizing of abdominal aortic aneurysms and its significance, 627
Technical accuracy and clinical efficacy of thoracic computed tomography, 35
Congo red test
Congo red test to determine completeness of vagotomy. Clinical application, 518
Cushing's syndrome
Adrenal surgery: trends during the seventies, 523
Cyst
Bile duct cysts. Experience with 15 patients, 295
Cystosarcoma
Recurrent and metastatic cystosarcoma phyllodes, 341
Defecation
New concept of the anatomy of the anal sphincter mechanism and the physiology of defecation. XV. Chronic anal fissure: a new theory of pathogenesis, 262
Diaphragm
Evaluation of diaphragmatic injuries, 671
Diet blenderized
Nutritional evaluation of a blenderized diet in five major burn patients, 655
Digits
Diagnosis and treatment of retained foreign bodies in the hand, 63
Early surgical decompression in the management of electrical injuries, 733
Polymethyl methacrylate dissolved in chloroform as treatment for superficial digital injuries, 527
Doppler
Intraoperative assessment of limb revascularization by Doppler-derived segmental blood pressure measurements, 578
Doxycycline
Short-term systemic prophylaxis with cefoxitin and doxycycline in colorectal surgery. A prospective, randomized study, 257
Drainage
Percutaneous catheter drainage of intraabdominal fluid collections including infected biliary ducts and gallbladders, 660
Surgical treatment of chronic pancreatitis. Report of 134 cases treated by resection or drainage, 317
Duodenum
Giant duodenal ulcer, 330
Ulcer recurrence, morbidity, and mortality after operations for duodenal ulcer, 570
Editorials
Advanced basal cell cancer. Prognosis and treatment philosophy, 392

Aneurysmectomy in the octogenarian. A study of morbidity and quality of survival, 194
Head and neck surgery in the aged, 449
Electrical injuries
Early surgical decompression in the management of electrical injuries, 733
Electrogalvanic stimulation
Levator syndrome and its treatment with high-voltage electrogalvanic stimulation, 580
Embolism
Management of deep venous thrombosis and pulmonary embolism during pregnancy, 141
Emergency treatment
Autopsy study of traumatic deaths. San Diego County, 1979, 722
Endarterectomy
Carotid artery surgery based on digital subtraction angiography, 211
Endoscopy
Endoscopic noninvasive manometry of esophageal varices: prognostic significance, 528
Endoscopic retrograde cholangiopancreatography, 109
Triple endoscopy. A valuable procedure in head and neck surgery, 416
Endotoxemia
Endotoxemia, disturbance of coagulation, and obstructive jaundice, 325
Enteral feeding
Nutritional evaluation of a blenderized diet in five major burn patients, 655
Epithelium
Premalignant changes in normal appearing epithelium in patients with squamous cell carcinoma of the upper aerodigestive tract, 401
Esophagocardioplasty
Esophagocardioplasty with gastric pouch. An experimental study in dogs, 332
Esophagus
Comparative evaluation of selective and nonselective peripheral portosystemic shunts for treatment of variceal hemorrhage, 704
Endoscopic noninvasive manometry of esophageal varices: prognostic significance, 528
Esophageal replacement in infants and children by colon interposition, 29
Gastric emptying and gastroesophageal reflux. Effects of surgery and correlation with esophageal motor function, 58
Incidence, pattern, and African variations of common benign disorders of the esophagus. Experience from Nigeria, 273
Modern management of anastomotic leak after esophagogastrectomy, 95
Use of Teflon pledgets in esophageal anastomoses, 374
Ethanol
Effects of ethanol ingestion on the severity and outcome of trauma, 153
Inhibition of gastric mucosal carbonic anhydrase by taurocholic acid and other ulcerogenic agents, 554
Face
Advanced basal cell cancer. Prognosis and treatment philosophy (E), 392
One-stage pharyngoesophageal and oral mucocutaneous reconstruction with two segments of one musculocutaneous flap, 489
Fasciotomy
Early surgical decompression in the management of electrical injuries, 733
Femoropopliteal bypass
Femoropopliteal tibial bypass: what price failure? 115
Fistulas
Methods for avoiding a dire surgical complication: bronchopleural fistula after pulmonary resection, 136
Flaps
Microvascular free-flap coverage of mechanical injuries to the upper extremity (CR), 593
Modified bilobular ("gemini") pectoralis major myocutaneous flap, 482
One-stage composite reconstruction using the latissimus myoosteocutaneous free flap, 470
One-stage pharyngoesophageal and oral mucocutaneous reconstruction with two segments of one musculocutaneous flap, 489
One-stage reconstruction of the hypopharynx using myomucosal tongue flap and dermal graft, 473
Platysma musculocutaneous flap: clinical and anatomic considerations in head and neck reconstruction, 477
Wound coverage in the Achilles region, 376
5-Fluorouracil
Cis-platinum and 5-fluorouracil as induction therapy for advanced head and neck cancer, 445
Foreign body
Diagnosis and treatment of retained foreign bodies in the hand, 63

Freezing
Reimplantation of freeze-treated bone in immediate reconstruction of the mandible, 463
Fundoplication
Modification of the Belsey Mark IV procedure, 280
Gallbladder
Percutaneous catheter drainage of intraabdominal fluid collections including infected biliary ducts and gallbladders, 660
Gallstones
Clarification of the nomenclature of pigment gallstones, 302
Decreased prevalence of gallstones in gastric cancer, 531
Gastrectomy
Pancreatic endocrine function after total gastrectomy and truncal vagotomy, 539
Gastric acid
Effect of biliary reconstruction procedures on gastric acid secretion, 549
Gastric emptying
Gastric emptying and gastroesophageal reflux. Effects of surgery and correlation with esophageal motor function, 58
Gastric patch
Esophagocardioplasty with gastric pouch. An experimental study in dogs, 332
Gastrin
Parietal cell volume, hypergastrinemia, and gastric acid hypersecretion after small bowel resection. Experimental study, 269
Gastroesophageal reflux
Gastric emptying and gastroesophageal reflux. Effects of surgery and correlation with esophageal motor function, 58
Gastrointestinal tract
Decreased prevalence of gallstones in gastric cancer, 531
Endoscopic noninvasive manometry of esophageal varices: prognostic significance, 528
Parietal cell volume, hypergastrinemia, and gastric acid hypersecretion after small bowel resection. Experimental study, 269
Gastroschisis
Gastroschisis and omphalocele, 650
Gastrostomy
A technique of anchoring a catheter in a feeding gastrostomy, 370
General surgery
Operative mortality in general surgery, 22
Glands
Adenocarcinoma of salivary origin. Clinicopathologic study of 204 patients, 423
Adrenalectomy: anterior or posterior approach? 322
Adrenal surgery: trends during the seventies, 523
Advanced hidradenitis suppurativa. Review of surgical treatment in 23 patients, 668
Hyperparathyroidism: problems in surgical management, 504
Lessons of parathyroid reoperations, 511
Management of medullary carcinoma of the thyroid, 420
Parathyroidectomy. Review of 338 consecutive cases for histology, location, and reoperation, 411
Reoperative surgery for hyperparathyroidism, 406
Risk factors for the development of distant metastases in patients undergoing pelvic lymphadenectomy for prostatic cancer, 131
Transcervical thymectomy for thymoma in myasthenia gravis, 254
Use of thyroid scans in the selection of surgical patients, 639
Grafts
Advanced hidradenitis suppurativa. Review of surgical treatment in 23 patients, 668
Femoropopliteal tibial bypass: what price failure? 115
Microvascular free-flap coverage of mechanical injuries to the upper extremity (CR), 593
Nutritional evaluation of a blenderized diet in five major burn patients, 655
One-stage reconstruction of the hypopharynx using myomucosal tongue flap and dermal graft, 473
Patency of polytetrafluoroethylene microarterial prostheses improved by Ibuprofen, 180
Prevention and management of polytetrafluoroethylene graft complications in peripheral vascular reconstruction, 228
Recurrent carotid stenosis or false aneurysm. A simple approach, 573
Vein patch venoplasty. A method to increase diameter of reversed saphenous vein grafts at the proximal anastomosis, 365
Hand
Diagnosis and treatment of retained foreign bodies in the hand, 63
Microvascular free-flap coverage of mechanical injuries to the upper extremity (CR), 593
Head and neck
Adjuvant chemotherapy in advanced head and neck cancer. An update, 432
Chemotherapy of locally aggressive head and neck tumors in the pediatric age group. Desmoid fibromatosis and nasopharyngeal angiofibroma, 437
Cis-platinum and 5-fluorouracil as induction therapy for advanced head and neck cancer, 445
Head and neck surgery in the aged, 449
Malignant tumors of the head and neck in a young population, 459
Modified bilobular ("gemini") pectoralis major myocutaneous flap, 482
One-stage composite reconstruction using the latissimus myoosteocutaneous free flap, 470
One-stage pharyngoesophageal and oral mucocutaneous reconstruction with two segments of one musculocutaneous flap, 489
Platysma musculocutaneous flap: clinical and anatomic considerations in head and neck reconstruction, 477
Progress is our most important endeavor (E), 386
Triple endoscopy. A valuable procedure in head and neck surgery, 416
Hematoma
Unappreciated causes of ischemia in the leg, 225
Hemoclips
Surgical shrapnel, 597
Hemodialysis
Salvage of external shunt for hemodialysis, 576
Hemorrhage
Comparative evaluation of selective and nonselective peripheral portosystemic shunts for treatment of variceal hemorrhage, 704
Effect of operations for variceal hemorrhage on hypersplenism, 700
Endoscopic noninvasive manometry of esophageal varices: prognostic significance, 528
Severe liver trauma in the face of coagulopathy. A case for temporary packing and early reexploration, 717
Hemorrhoids
An improved technique of rubber band ligation of hemorrhoids, 379
Hemostasis
Surgical shrapnel, 597
Hernia
Evaluation of diaphragmatic injuries, 671
Incidence, pattern, and African variations of common benign disorders of the esophagus. Experience from Nigeria, 273
Modification of the Belsey Mark IV procedure, 280
Hidradenitis suppurativa
Advanced hidradenitis suppurativa. Review of surgical treatment in 23 patients, 668
History of surgery
Aequanimitas revisited (E), 2
Better early than late (E), 170
First encounters with pheochromocytoma. The story of Mother Joachim (E), 277
Southwestern surgical story (E), 600
Hyperalimentation
Pancreatic abscess: an unresolved surgical problem, 534
Hyperosmolality
Water-ionic shifts and absorption in relation to intraintestinal hyperosmolality in the rat, 562
Hyperparathyroidism
Hyperparathyroidism: problems in surgical management, 504
Lessons of parathyroid reoperations, 511
Parathyroidectomy. Review of 338 consecutive cases for histology, location, and reoperation, 411
Reoperative surgery for hyperparathyroidism, 406
Hyperplasia
Adrenalectomy: anterior or posterior approach? 322
Hypersplenism
Effect of operations for variceal hemorrhage on hypersplenism, 700
Hypertension
Endoscopic noninvasive manometry of esophageal varices: prognostic significance, 528
Evaluation of extracranial cerebrovascular disease in the hypertensive patient with ocular pneumoplethysmography at 500 mm Hg, 306
First encounters with pheochromocytoma. The story of Mother Joachim (E), 277
Pancreatic duct pressure in chronic pancreatitis, 313
Hyperthermic perfusion
Liposarcoma of the leg, 44

Hypopharynx
One-stage reconstruction of the hypopharynx using myomucosal tongue flap and dermal graft, 473
Ibuprofen
Patency of polytetrafluoroethylene microarterial prostheses improved by Ibuprofen, 180
Ileal conduit
Intramesenteric ureteroileostomy for urinary reconstruction following pelvic exenteration, 583
Ileal reservoir
Endorectal ileal pullthrough with ileal reservoir for ulcerative colitis and polyposis, 81
Ileum
Application of intestinal staplers to aortoiliac surgery, 198
Duplication of the ileum (CR), 285
Endorectal ileal pullthrough with ileal reservoir for ulcerative colitis and polyposis, 81
Penetrating injuries of the iliac vessels. Early recognition and management, 642
Technical accuracy and clinical efficacy of thoracic computed tomography, 35
Infants
Chemotherapy of locally aggressive head and neck tumors in the pediatric age group. Desmoid fibromatosis and nasopharyngeal angiofibroma, 437
Duplication of the ileum (CR), 285
Esophageal replacement in infants and children by colon interposition, 29
Gastroschisis and omphalocele, 650
Insulinoma
Operative ultrasonic features of insulinomas, 585
Intercostal nerve
Anatomy of the intercostal nerve: its importance during thoracic surgery, 371
Intestines
Effects of intraluminal pressure on regional blood flow in obstructed and unobstructed small intestine in the rat, 558
Hazardous practices currently recommended in intestinal analysis (E), 497
Malabsorption secondary to Meckel's diverticulum (CR), 588
Parietal cell volume, hypergastrinemia, and gastric acid hypersecretion after small bowel resection. Experimental study, 269
Water-ionic shifts and absorption in relation to intraintestinal hyperosmolality in the rat, 562
Ischemia
Superiority of the femoral artery for monitoring. A prospective study, 309
Unappreciated causes of ischemia in the leg, 225
Jaundice
Endotoxemia, disturbance of coagulation, and obstructive jaundice, 325
Usefulness of diagnostic tests for biliary obstruction, 102
Jejunum
Effect of biliary reconstruction procedures on gastric acid secretion, 549
Kidney
Pathophysiology of acute renal failure (E), 605
Peptic ulcer disease following transplantation: the role of cimetidine, 545
Laryngeal nerve
Extralaryngeal divisions of the recurrent laryngeal nerve. Surgical and clinical significance, 466
Larynx
Carcinoma of the subglottic larynx, 456
Leg
Early surgical decompression in the management of electrical injuries, 733
Effectiveness of leg compression in preventing venous stasis, 611
Femoropopliteal tibial bypass: what price failure? 115
Intraoperative assessment of limb revascularization by Doppler-derived segmental blood pressure measurements, 578
Liposarcoma of the leg, 44
Management of vascular injuries to the leg, 231
Noninvasive evaluation of peripheral vascular disease using transcutaneous oxygen tension, 68
Surgical treatment of postphlebitic syndrome with vein valve transplant, 221
Tibial artery injuries, 362
Unappreciated causes of ischemia in the leg, 225
Levator syndrome
Levator syndrome and its treatment with high-voltage electrogalvanic stimulation, 580
Liposarcoma
Liposarcoma of the leg, 44
Liver
Denver peritoneovenous shunt: relationship between hepatic reserve and successful treatment of ascites, 619
Effect of operations for variceal hemorrhage on hypersplenism, 700
Morbidity and mortality in hepatic trauma. A 5 year study, 88
Reduction in the morbidity and mortality of major hepatic resection. Experience with 52 patients, 740
Severe liver trauma in the face of coagulopathy. A case for temporary packing and early reexploration, 717
Lungs
Serum zinc levels and urinary zinc excretion in patients with bronchogenic carcinoma. Effects of tumor resection, 355
Lymph nodes
Lymphatic spread and its prognostic value in patients with rectal cancer, 350
Management of medullary carcinoma of the thyroid, 420
Malabsorption
Malabsorption secondary to Meckel's diverticulum (CR), 588
Mandible
Reimplantation of freeze-treated bone in immediate reconstruction of the mandible, 463
Manometry
Endoscopic noninvasive manometry of esophageal varices: prognostic significance, 528
Mastectomy
Recurrent and metastatic cystosarcoma phyllodes, 341
Meckel's diverticulum
Malabsorption secondary to Meckel's diverticulum (CR), 588
Metastasis
Colorectal carcinoma in patients with ulcerative colitis, 344
Lymphatic spread and its prognostic value in patients with rectal cancer, 350
Risk factors for the development of distant metastases in patients undergoing pelvic lymphadenectomy for prostatic cancer, 131
Microsurgery
Patency of polytetrafluoroethylene microarterial prostheses improved by Ibuprofen, 180
Mitral valve
Modification of the Smeloff mitral prosthesis, 158
Mother Joachim
First encounters with pheochromocytoma. The story of Mother Joachim (E), 277
Myasthenia gravis
Transcervical thymectomy for thymoma in myasthenia gravis, 254
Neck
Carotid artery injuries, 748
Extralaryngeal divisions of the recurrent laryngeal nerve. Surgical and clinical significance, 466
One-stage pharyngoesophageal and oral mucocutaneous reconstruction with two segments of one musculocutaneous flap, 489
Synchronous bilateral neck dissection, 452
Neomycin
Hazardous practices currently recommended in intestinal analysis (E), 497
Nephrotoxins
Pathophysiology of acute renal failure (E), 605
Nerves
Age and morbidity of vagotomy with antrectomy or pyloroplasty, 694
Anatomy of the intercostal nerve: its importance during thoracic surgery, 371
Congo red test to determine completeness of vagotomy. Clinical application, 518
Extralaryngeal divisions of the recurrent laryngeal nerve. Surgical and clinical significance, 466
Parietal cell vagotomy in a surgical training program, 689
Nutrition
Nutritional evaluation of a blenderized diet in five major burn patients, 655
Obituaries
Cox, Francis James, 162
Dunphy, J. Engelbert, 163
Howard, Nelson Jacob, 163
Occlusion
Application of intestinal staplers to aortoiliac surgery, 198
Oliguria
Pathophysiology of acute renal failure (E), 605
Omphalocele
Gastroschisis and omphalocele, 650

Operative mortality
Operative mortality in general surgery, 22

Rectum
Colorectal carcinoma in patients with ulcerative colitis, 344
Local excision of low and mid-rectal villous adenomas (E), 291
Lymphatic spread and its prognostic value in patients with rectal cancer, 350
Short-term systemic prophylaxis with cefoxitin and doxycycline in colorectal surgery. A prospective, randomized study, 257
Reimplantation
Reimplantation of freeze-treated bone in immediate reconstruction of the mandible, 463
Renal failure
Pathophysiology of acute renal failure (E), 605
Retroperitoneum
Primary malignant retroperitoneal tumors. Current management, 646
Revascularization
Intraoperative assessment of limb revascularization by Doppler-derived segmental blood pressure measurements, 578
Salivary glands
Adenocarcinoma of salivary origin. Clinicopathologic study of 204 patients, 423
Saphenous vein
Recurrent carotid stenosis or false aneurysm. A simple approach, 573
Sarcoma
Liposarcoma of the leg, 44
Primary malignant retroperitoneal tumors. Current management, 646
Recurrent and metastatic cystosarcoma phyllodes, 341

Sepsis
Early surgical excision versus conventional therapy in patients with 20 to 40 percent burns. A comparative study, 76
Superiority of the femoral artery for monitoring. A prospective study, 309
Shunts
Comparative evaluation of selective and nonselective peripheral portosystemic shunts for treatment of variceal hemorrhage, 704
Denver peritoneovenous shunt: relationship between hepatic reserve and successful treatment of ascites, 619
Effect of operations for variceal hemorrhage on hypersplenism, 700
Salvage of external shunt for hemodialysis, 576
Smoking
Premalignant changes in normal appearing epithelium in patients with squamous cell carcinoma of the upper aerodigestive tract, 401
Southwestern Surgical Society
Southwestern surgical story (E), 600
Spectral analysis
Diagnosis of carotid stenosis by bruit spectral analysis, 207
Spleen
Alternatives to splenectomy in adults after trauma. Repair, partial resection, and reimplantation of splenic tissue, 711
Stapling
Application of intestinal staplers to aortoiliac surgery, 198
Stasis
Effectiveness of leg compression in preventing venous stasis, 611
Stenosis
Diagnosis of carotid stenosis by bruit spectral analysis, 207
Evaluation of extracranial cerebrovascular disease in the hypertensive patient with ocular pneumoplethysmography at 500 mm Hg, 306
Factors influencing outcome in patients with postoperative biliary strictures, 14
Incidence, pattern, and African variations of common benign disorders of the esophagus. Experience from Nigeria, 273
Recurrent carotid stenosis or false aneurysm. A simple approach, 573
Stomach
Decreased prevalence of gallstones in gastric cancer, 531
Gastric emptying and gastroesophageal reflux. Effects of surgery and correlation with esophageal motor function, 58
Inhibition of gastric mucosal carbonic anhydrase by taurocholic acid and other ulcerogenic agents, 554
Parietal cell vagotomy in a surgical training program, 689
Stones
Endoscopic retrograde cholangiopancreatography, 109
Frequency and indication for choledochoduodenostomy in benign biliary tract disease. Reassessment of therapeutic application, 682
Stroke
Carotid artery injuries, 748
Carotid artery surgery based on digital subtraction angiography, 211
Taurocholic acid
Inhibition of gastric mucosal carbonic anhydrase by taurocholic acid and other ulcerogenic agents, 554
Technique
Anatomy of the intercostal nerve: its importance during thoracic surgery, 371
An improved technique of rubber band ligation of hemorrhoids, 379
An inexpensive, versatile vein holder, 283
A technique of anchoring a catheter in a feeding gastrostomy, 370
Little used surgical techniques of value, 186
Modification of the Belsey Mark IV procedure, 280
Obturator foramen approach. II. A new surgical approach for management of the short-pedicled undescended testicle, 381
Use of a split-sheath vein introducer for subclavian venipuncture in the placement of silicone catheters for chronic venous access, 367
Use of Teflon pledgets in esophageal anastomoses, 374
Vein patch venoplasty. A method to increase diameter of reversed saphenous vein grafts at the proximal anastomosis, 365
Wound coverage in the Achilles region, 376
Testicle, undescended
Obturator foramen approach. II. A new surgical approach for management of the short-pedicled undescended testicle, 381
Thorax
Technical accuracy and clinical efficacy of thoracic computed tomography, 35
Thrombosis
Effectiveness of leg compression in preventing venous stasis, 611
Management of deep venous thrombosis and pulmonary embolism during pregnancy, 141
Thymoma
Transcervical thymectomy for thymoma in myasthenia gravis, 254
Thyroid
Management of medullary carcinoma of the thyroid, 420
Use of thyroid scans in the selection of surgical patients, 639
Tibial artery
Tibial artery injuries, 362
Transcutaneous oxygen tension
Noninvasive evaluation of peripheral vascular disease using transcutaneous oxygen tension, 68
Transfusion
Autologous blood retrieval in thoracic, cardiovascular, and orthopedic surgery, 48
Transplantation
Peptic ulcer disease following transplantation: the role of cimetidine, 545
Surgical treatment of postphlebitic syndrome with vein valve transplant, 221
Trauma
Alternatives to splenectomy in adults after trauma. Repair, partial resection, and reimplantation of splenic tissue, 711
Autopsy study of traumatic deaths. San Diego County, 1979, 722
Clinical predictors of the adult respiratory distress syndrome, 124
Effects of ethanol ingestion on the severity and outcome of trauma, 153
Evaluation of diaphragmatic injuries, 671
Factors influencing outcome in patients with postoperative biliary strictures, 14
Management of traumatic peripheral vein injuries. Primary repair or vein ligation, 235
Management of vascular injuries to the leg, 231
Microvascular free-flap coverage of mechanical injuries to the upper extremity (CR), 593
Morbidity and mortality in hepatic trauma. A 5 year study, 88
Severe liver trauma in the face of coagulopathy. A case for temporary packing and early reexploration, 717
Treatment priorities in combined blunt abdominal and aortic trauma, 728
Unappreciated causes of ischemia in the leg, 225
Trichinosis
Paget tradition revisited (E), 498
Tumors
Adrenalectomy: anterior or posterior approach? 322
Carcinoma of the subglottic larynx, 456
Cervical chemodectoma. Technical considerations and management options, 215
Chemotherapy of locally aggressive head and neck tumors in the pediatric age group. Desmoid fibromatosis and nasopharyngeal angiofibroma, 437
Liposarcoma of the leg, 44
Local excision of low and mid-rectal villous adenomas (E), 291
Malignant tumors of the head and neck in a young population, 459
One-stage composite reconstruction using the latissimus myoosteocutaneous free flap, 470
Operative ultrasonic features of insulinomas, 585
Primary malignant retroperitoneal tumors. Current management, 646
Recurrent and metastatic cystosarcoma phyllodes, 341
Reduction in the morbidity and mortality of major hepatic resection. Experience with 52 patients, 740
Serum zinc levels and urinary zinc excretion in patients with bronchogenic carcinoma. Effects of tumor resection, 355
Transcervical thymectomy for thymoma in myasthenia gravis, 254
Unappreciated causes of ischemia in the leg, 225
Ulcer
Age and morbidity of vagotomy with antrectomy or pyloroplasty, 694
Colorectal carcinoma in patients with ulcerative colitis, 344
Congo red test to determine completeness of vagotomy. Clinical application, 518
Endorectal ileal pullthrough with ileal reservoir for ulcerative colitis and polyposis, 81

Giant duodenal ulcer, 330
Inhibition of gastric mucosal carbonic anhydrase by taurocholic acid and other ulcerogenic agents, 554
Inhibition of pepsin activity by unconjugated bile acids. Inverse relation to number of hydroxyl groups, 300
Parietal cell vagotomy in a surgical training program, 689
Peptic ulcer disease following transplantation: the role of cimetidine, 545
Ulcer recurrence, morbidity, and mortality after operations for duodenal ulcer, 570
Ultrasonographic screening for evaluation and follow-up of carotid artery ulceration. A new basis for assessing risk, 614

Ultrasonography
Comparison of ultrasonography, computerized tomography, and radionuclide imaging in the diagnosis of acute and chronic cholecystitis, 676
Discordance in the sizing of abdominal aortic aneurysms and its significance, 627
Noninvasive cerebrovascular evaluation: a prerequisite for angiography? 203
Operative ultrasonic features of insulinomas, 585
Pancreatic abscess: an unresolved surgical problem, 534
Ultrasonographic screening for evaluation and follow-up of carotid artery ulceration. A new basis for assessing risk, 614
Usefulness of diagnostic tests for biliary obstruction, 102

Ureteroileostomy
Intramesenteric ureteroileostomy for urinary reconstruction following pelvic exenteration, 583

Vagotomy
Age and morbidity of vagotomy with antrectomy or pyloroplasty, 694
Congo red test to determine completeness of vagotomy. Clinical application, 518
Pancreatic endocrine function after total gastrectomy and truncal vagotomy, 539
Parietal cell vagotomy in a surgical training program, 689
Ulcer recurrence, morbidity, and mortality after operations for duodenal ulcer, 570

Variceal rupture
Comparative evaluation of selective and nonselective peripheral portosystemic shunts for treatment of variceal hemorrhage, 704
Effect of operations for variceal hemorrhage on hypersplenism, 700
Endoscopic noninvasive manometry of esophageal varices: prognostic significance, 528

Vascular disease
Noninvasive evaluation of peripheral vascular disease using transcutaneous oxygen tension, 68

Vascular surgery
The clinical vascular surgeon: who is he and what should he be? (E), 168

Veins
An inexpensive, versatile vein holder, 283
Effectiveness of leg compression in preventing venous stasis, 611
Endoscopic noninvasive manometry of esophageal varices: prognostic significance, 528
Management of deep venous thrombosis and pulmonary embolism during pregnancy, 141
Management of traumatic peripheral vein injuries. Primary repair or vein ligation, 235
Management of vascular injuries to the leg, 231
Penetrating injuries of the iliac vessels. Early recognition and management, 642
Percutaneous placement of Hickman catheters for prolonged venous access, 624
Prevention and management of polytetrafluoroethylene graft complications in peripheral vascular reconstruction, 228
Recurrent carotid stenosis or false aneurysm. A simple approach, 573
Surgical treatment of postphlebitic syndrome with vein valve transplant, 221
Use of a split-sheath vein introducer for subclavian venipuncture in the placement of silicone catheters for chronic venous access, 367

Venoplasty
Vein patch venoplasty. A method to increase diameter of reversed saphenous vein grafts at the proximal anastomosis, 365

Wounds
Early surgical excision versus conventional therapy in patients with 20 to 40 percent burns. A comparative study, 76
Noninvasive evaluation of peripheral vascular disease using transcutaneous oxygen tension, 68
Polymethyl methacrylate dissolved in chloroform as treatment for superficial digital injuries, 527
Wound coverage in the Achilles region, 376

Young patients
Malignant tumors of the head and neck in a young population, 459

Zinc
Serum zinc levels and urinary zinc excretion in patients with bronchogenic carcinoma. Effects of tumor resection, 355

PAPERS OF THE PACIFIC COAST SURGICAL ASSOCIATION

PRESIDENTIAL ADDRESS

2 **Aequanimitas Revisited.** David J. Dugan

SCIENTIFIC PAPERS

8 **Antibiotic Management of Surgically Treated Gangrenous or Perforated Appendicitis. Comparison of Gentamicin and Clindamycin Versus Cefamandole Versus Cefoperazone.** Thomas V. Berne, Albert W. Yellin, Maria D. Appleman, and Peter N. R. Heseltine

14 **Factors Influencing Outcome in Patients With Postoperative Biliary Strictures.** Henry A. Pitt, Toshimitsu Miyamoto, Sandra K. Parapatis, Ronald K. Tompkins, and William P. Longmire, Jr.

22 **Operative Mortality in General Surgery.** A. Gerson Greenburg, Richard P. Saik, Jack M. Farris, and Gerald W. Peskin

29 **Esophageal Replacement in Infants and Children by Colon Interposition.** John R. Campbell, Bruce R. Webber, Marvin W. Harrison, and Timothy J. Campbell

35 **Technical Accuracy and Clinical Efficacy of Thoracic Computed Tomography.** Edward S. Yee, Steven E. Raper, Arthur N. Thomas, and Paul A. Ebert

44 **Liposarcoma of the Leg.** Patrick M. Lehti, H. Stephens Moseley, Michael E. Peetz, and William S. Fletcher

48 **Autologous Blood Retrieval in Thoracic, Cardiovascular, and Orthopedic Surgery.** J. Nilas Young, Roger R. Ecker, Richard L. Moretti, Leigh I. G. Iverson, Coyness L. Ennix, Jr., Stephen N. Etheredge, Ronald L. Webb, William S. T. Jackson, Robert D. May, and Ivan A. May

53 **Should Aortography Be Used Routinely in the Elective Management of Abdominal Aortic Aneurysm?** Ismael N. Nuno, Geoffrey M. Collins, Joshua A. Bardin, and Eugene F. Bernstein

58 **Gastric Emptying and Gastroesophageal Reflux. Effects of Surgery and Correlation With Esophageal Motor Function.** Nicolas Velasco, Lucius D. Hill, Robert M. Gannan, and Charles E. Pope II

63 **Diagnosis and Treatment of Retained Foreign Bodies in the Hand.** Mark A. Anderson, William L. Newmeyer III, and Eugene S. Kilgore, Jr.

68 **Noninvasive Evaluation of Peripheral Vascular Disease Using Transcutaneous Oxygen Tension.** Rodney A. White, Lorene Nolan, Daniel Harley, John Long, Stanley Klein, Kevin Tremper, Ronald Nelson, Joseph Tabrisky, and William Shoemaker

76 **Early Surgical Excision Versus Conventional Therapy in Patients With 20 to 40 Percent Burns. A Comparative Study.** Darryl T. Gray, Richard W. Pine, Timothy J. Harnar, Janet A. Marvin, Loren H. Engrav, and David M. Heimbach

81 **Endorectal Ileal Pullthrough With Ileal Reservoir for Ulcerative Colitis and Polyposis.** Eric W. Fonkalsrud

88 **Morbidity and Mortality in Hepatic Trauma. A 5 Year Study.** Richard H. Carmona, Robert C. Lim, Jr., and Gary C. Clark

95 **Modern Management of Anastomotic Leak After Esophagogastrectomy.** Samuel E. Wilson, Richard Stone, Michael Scully, Laurence Ozeran, and John R. Benfield

102 **Usefulness of Diagnostic Tests for Biliary Obstruction.** Marguerite J. Thomas, Carlos A. Pellegrini, and Lawrence W. Way

109 **Endoscopic Retrograde Cholangiopancreatography.** Charles F. Frey, Eugene J. Burbige, William B. Meinke, Take G. Pullos, Hin Nang Wong, Donn M. Hickman, and Joseph Belber

115 **Femoropopliteal Tibial Bypass: What Price Failure?** Carol A. Raviola, Larry Nichter, J. Dennis Baker, Ronald W. Busuttil, Wiley F. Barker, Herbert I. Machleder, and Wesley S. Moore

124 **Clinical Predictors of the Adult Respiratory Distress Syndrome.** Paul E. Pepe, Ralph T. Potkin, Diane Holtman Reus, Leonard D. Hudson, and C. James Carrico

131 **Risk Factors for the Development of Distant Metastases in Patients Undergoing Pelvic Lymphadenectomy for Prostatic Cancer.** Joseph D. Schmidt, A. Patrick McLaughlin, III, Sidney L. Saltzstein, and Ramiro Garcia-Reyes

136 **Methods for Avoiding a Dire Surgical Complication: Bronchopleural Fistula After Pulmonary Resection.** G. Hugh Lawrence, Robert Ristroph, James A. Wood, and Albert Starr

141 **Management of Deep Venous Thrombosis and Pulmonary Embolism During Pregnancy.** Roy L. Tawes, Jr., Paul A. Kennedy, Edmund J. Harris, William H. Brown, Robert G. Scribner, Gerald R. Sydorak, and John P. Beare

146 **Surgical Management and Reconstruction of Extensive Chest Wall Malignancies.** Kenneth P. Ramming, E. Carmack Holmes, Harvey A. Zarem, Malcolm A. Lesavoy, and Donald L. Morton

153 **Effects of Ethanol Ingestion on the Severity and Outcome of Trauma.** Richard E. Ward, Timothy C. Flynn, Pricilla W. Miller, and William F. Blaisdell

158 **Modification of the Smeloff Mitral Prosthesis.** Edward A. Smeloff, Trevor B. Davey, Thomas A. Riemenschneider, Michael J. Epstein, Gregory Janos, and Richard Marshall

162 **Obituaries**

Information for Authors on page A25

PAPERS OF THE SOCIETY FOR CLINICAL VASCULAR SURGERY

PRESIDENTIAL ADDRESS

168 **The Clinical Vascular Surgeon: Who Is He and What Should He Be?** Robert M. Blumenberg

HUME MEMORIAL LECTURE

170 **Better Early Than Late.** Harris B Shumacker, Jr.

SCIENTIFIC PAPERS

180 **Patency of Polytetrafluoroethylene Microarterial Prostheses Improved by Ibuprofen.** Paul L. Claus, Peter Gloviczki, Larry H. Hollier, and Michael P. Kaye

186 **Little Used Surgical Techniques of Value.** Harris B Shumacker, Jr.

191 **Routine Aortography Before Abdominal Aortic Aneurysmectomy. A Prospective Study.** Donald D. Bell and Max R. Gaspar

194 **Aneurysmectomy in the Octogenarian. A Study of Morbidity and Quality of Survival.** Richard L. Treiman, Keith A. Levine, J. Louis Cohen, David V. Cossman, Robert F. Foran, and Phillip M. Levin

198 **Application of Intestinal Staplers to Aortoiliac Surgery.** Robert M. Blumenberg and Michael L. Gelfand

203 **Noninvasive Cerebrovascular Evaluation: A Prerequisite for Angiography?** Erich W. Pollak

207 **Diagnosis of Carotid Stenosis by Bruit Spectral Analysis.** J. Dennis Baker

211 **Carotid Artery Surgery Based on Digital Subtraction Angiography.** Robert J. Lusby and William K. Ehrenfeld

215 **Cervical Chemodectoma. Technical Considerations and Management Options.** William C. Krupski, David J. Effeney, William K. Ehrenfeld, and Ronald J. Stoney

221 **Surgical Treatment of Postphlebitic Syndrome With Vein Valve Transplant.** Syde A. Taheri, Louis Lazar, Steven Elias, Paul Marchand, and Reid Heffner

225 **Unappreciated Causes of Ischemia in the Leg.** Sateesh C. Babu, Pravin M. Shah, and Roy H. Clauss

228 **Prevention and Management of Polytetrafluoroethylene Graft Complications in Peripheral Vascular Reconstruction.** A. Lee Ansel and John M. Johnson

231 **Management of Vascular Injuries to the Leg.** James O. Menzoian, Frank W. LoGerfo, Jeanne E. Doyle, Erwin F. Hirsch, Michael Nowak, Joseph C. Sequeira, and A. Frank Weitzman

235 **Management of Traumatic Peripheral Vein Injuries. Primary Repair or Vein Ligation.** William D. Hardin, Jr., Michael F. Adinolfi, Ruary C. O'Connell, and Morris D. Kerstein

END OF THE SOCIETY PAPERS

SCIENTIFIC PAPERS

239 **Serum Elastase I Levels in Pancreatic Disease.** Katsusuke Satake, Young-Suk Chung, and Kaoru Umeyama

243 **Origin of Tubular Complexes in Human Chronic Pancreatitis.** Dale E. Bockman, William R. Boydston, and Marion C. Anderson

250 **Surgical Outcome for Resident and Attending Surgeons.** Elliot J. Sussman, John N. Kastanis, William Feigin, and Harry M. Rosen

254 **Transcervical Thymectomy for Thymoma in Myasthenia Gravis.** Gary Slater, Angelos E. Papatestas, Peter Kornfeld, and Gabriel Genkins

257 **Short-Term Prophylaxis With Cefoxitin and Doxycycline in Colorectal Surgery. A Prospective, Randomized Study.** Lars Ivarsson, Nils Darle, Jan Gunnar Kewenter, Staffan Seeberg, and Ragnar Norrby

262 **A New Concept of the Anatomy of the Anal Sphincter Mechanism and the Physiology of Defecation. XV. Chronic Anal Fissure: A New Theory of Pathogenesis.** Ahmed Shafik

269 **Parietal Cell Volume, Hypergastrinemia, and Gastric Acid Hypersecretion After Small Bowel Resection. Experimental Study.** Xavier Rius, Manuel Guix, Jorge Garriga, Vicente Artigas, Lorenzo Galindo, and Jorge Puig la Calle

273 **Incidence, Pattern, and African Variations of Common Benign Disorders of the Esophagus. Experience From Nigeria.** Reginald O. Ofoegbu

OUR SURGICAL HERITAGE

277 **First Encounters With Pheochromocytoma. The Story of Mother Joachim.** Jonathan A. van Heerden

MODERN OPERATIVE TECHNIQUES

280 **Modification of the Belsey Mark IV Procedure.** Walter H. Merrill, Richard F. Kieffer, Jr., and John L. Cameron

283 **An Inexpensive, Versatile Vein Holder.** Kaj Johansen

CASE REPORTS

285 **Duplication of the Ileum.** Julio Sanguily

288 **Books Received**

290 **Book Reviews**

CONTENTS IN BRIEF

SEPTEMBER 1982 • VOLUME 144 • NUMBER 3

EDITORIAL

291 **Local Excision of Low and Mid-Rectal Villous Adenomas.** Changyul Oh and Arthur H. Aufses, Jr.

SCIENTIFIC PAPERS

292 **Observations on the American Board of Surgery In-Training Examination, Board Results, and Conference Attendance.** Paul L. Shetler

295 **Bile Duct Cysts. Experience With 15 Patients.** Marisol Nunez-Hoyo, C. Douglas Lees, and Robert E. Hermann

300 **Inhibition of Pepsin Activity by Unconjugated Bile Acids. Inverse Relation to Number of Hydroxyl Groups.** Geoffrey S. Tompkins and Ronald K. Tompkins

302 **Clarification of the Nomenclature of Pigment Gallstones.** Tetsuo Maki, Takashi Matsushiro, and Noriyoshi Suzuki

306 **Evaluation of Extracranial Cerebrovascular Disease in the Hypertensive Patient With Ocular Pneumoplethysmography at 500 mm Hg.** Carol Raviola, J. Dennis Baker, Audrey Cousins, and DeEtte Dix

309 **Superiority of the Femoral Artery for Monitoring. A Prospective Study.** Carl A. Soderstrom, Dean H. Wasserman, C. Michael Dunham, Ellis S. Caplan, and R Adams Cowley

313 **Pancreatic Duct Pressure in Chronic Pancreatitis.** Edward L. Bradley III

317 **Surgical Treatment of Chronic Pancreatitis. Report of 134 Cases Treated by Resection or Drainage.** Jean-Claude Sarles, Michèle Nacchiero, Flavio Garani, and Bernard Salasc

322 **Adrenalectomy: Anterior or Posterior Approach?** Colin F. Russell, Bertil Hamberger, Jonathan A. van Heerden, Anthony J. Edis, and Duane M. Ilstrup

325 **Endotoxemia, Disturbance of Coagulation, and Obstructive Jaundice.** David R. Hunt, Marjorie E. M. Allison, Colin R. M. Prentice, and Leslie H. Blumgart

330 **Giant Duodenal Ulcer.** Charles E. Morrow, Michael W. Mulholland, Daniel H. Dunn, Michael L. Schwartz, David E. R. Sutherland, Robert L. Goodale, Edward Humphrey, and John S. Najarian

332 **Esophagocardioplasty With Gastric Pouch. An Experimental Study in Dogs.** Roberto Blanco-Benavides and Gustavo Ramirez-Wiella

335 **Appendectomy in Childhood. Analysis of 105 Negative Explorations.** Martin J. Bell, Richard J. Bower, and Jessie L. Ternberg

338 **Prognosis of Acute Nonspecific Abdominal Pain. A Prospective Study.** Per Jess, Beth Bjerregaard, Steen Brynitz, Jørgen Holst-Christensen, Eeva Kalaja, Jens Lund-Kristensen, and Peter Matzen

341 **Recurrent and Metastatic Cystosarcoma Phyllodes.** Kurt D. Lindquist, Jonathan A. van Heerden, Louis H. Weiland, and J. Kirk Martin, Jr.

344 **Colorectal Carcinoma in Patients With Ulcerative Colitis.** Ulf Öhman

350 **Lymphatic Spread and Its Prognostic Value in Patients With Rectal Cancer.** Keiichi Hojo, Yasuo Koyama, and Yoshihiro Moriya

355 **Serum Zinc Levels and Urinary Zinc Excretion in Patients With Bronchogenic Carcinoma. Effects of Tumor Resection.** Vassilis Voyatzoglou, Theodore Mountokalakis, Vassiliki Tsata-Voyatzoglou, Anton Koutselinis, and Gregory Skalkeas

REVIEWS

359 **Periareolar Abscess in the Nonlactating Breast.** Willis P. Maier, Alan Berger, and Bruce M. Derrick

362 **Tibial Artery Injuries.** Jeremiah H. Holleman, Jr. and Larry H. Killebrew

MODERN OPERATIVE TECHNIQUES

365 **Vein Patch Venoplasty. A Method to Increase the Diameter of Reversed Saphenous Vein Grafts at the Proximal Anastomosis.** Galen V. Poole, Robert Nolan, J. Wayne Meredith, and George Plonk

367 **Use of a Split-Sheath Vein Introducer for Subclavian Venipuncture in the Placement of Silicone Catheters for Chronic Venous Access.** Lon S. Annest and John A. Ryan

370 **A Technique of Anchoring a Catheter in a Feeding Gastrostomy.** Don W. D. Collure

371 **Anatomy of the Intercostal Nerve: Its Importance During Thoracic Surgery.** Daniel C. Moore

374 **Use of Teflon® Pledgets in Esophageal Anastomoses.** Boris Zilberstein, Abdallah Mishrick, Himeko Kashiwabara, Kwabena A. Addei, and Ralph Ger

376 **Wound Coverage in the Achilles Region.** Ronald V. DeMars, William P. Graham III, Thomas S. Davis, and Eric W. Blomain

379 **An Improved Technique of Rubber Band Ligation of Hemorrhoids.** Santhat Nivatvongs and Stanley M. Goldberg

381 **Obturator Foramen Approach. II. A New Surgical Approach for Management of the Short-Pedicled Undescended Testicle.** Ahmed Shafik

PAPERS OF THE SOCIETY OF HEAD AND NECK SURGEONS

PRESIDENTIAL ADDRESS

386 **Progress Is Our Most Important Endeavor.** John M. Loré, Jr.

HAYES MARTIN LECTURE

392 **Advanced Basal Cell Cancer. Prognosis and Treatment Philosophy.** Milton T. Edgerton

SCIENTIFIC PAPERS

401 **Premalignant Changes in Normal Appearing Epithelium in Patients With Squamous Cell Carcinoma of the Upper Aerodigestive Tract.** Joseph Incze, Charles W. Vaughan, Jr., Peter Lui, M. Stuart Strong, and Boonchu Kulapaditharom

406 **Reoperative Surgery for Hyperparathyroidism.** John A. Palmer and Irving B. Rosen

411 **Parathyroidectomy. Review of 338 Consecutive Cases for Histology, Location, and Reoperation.** Alfred D. Katz and David Hopp

416 **Triple Endoscopy. A Valuable Procedure in Head and Neck Surgery.** Donald Atkinson, Susan Fleming, and Arthur Weaver

420 **The Management of Medullary Carcinoma of the Thyroid.** William J. Simpson, John A. Palmer, Irving B. Rosen, and Robert A. Mustard

423 **Adenocarcinoma of Salivary Origin. Clinicopathologic Study of 204 Patients.** Ronald H. Spiro, Andrew G. Huvos, and Elliot W. Strong

432 **Adjuvant Chemotherapy in Advanced Head and Neck Cancer. An Update.** Monica B. Spaulding, Anjum Kahn, Rafael De Los Santos, Douglas Klotch, and John M. Loré, Jr.

437 **Chemotherapy of Locally Aggressive Head and Neck Tumors in the Pediatric Age Group. Desmoid Fibromatosis and Nasopharyngeal Angiofibroma.** Helmuth Goepfert, Ayten Cangir, Alberto G. Ayala, and Farzin Eftekhari

445 **Cis-Platinum and 5-Fluorouracil as Induction Therapy for Advanced Head and Neck Cancer.** Arthur Weaver, Susan Fleming, Julie Kish, Henry Vandenberg, John Jacob, John Crissman, and Muhyi Al-Sarraf

449 **Head and Neck Surgery in the Aged.** Raymond F. Morgan, Richard M. Hirata, Darrell A. Jaques, and John E. Hoopes

452 **Synchronous Bilateral Neck Dissection.** Alando J. Ballantyne and Gilchrist L. Jackson

456 **Carcinoma of the Subglottic Larynx.** Ashok R. Shaha and Jatin P. Shah

459 **Malignant Tumors of the Head and Neck in a Young Population.** Roy M. Clark, Irving B. Rosen, and Normand J. Laperriere

463 **Reimplantation of Freeze-Treated Bone in Immediate Reconstruction of the Mandible.** Thomas P. Dougherty, Louis K. Rafetto, Richard C. Edwards, Ricky J. Caudill, and George McInnes

466 **Extralaryngeal Divisions of the Recurrent Laryngeal Nerve. Surgical and Clinical Significance.** Paul M. Nemiroff and Alfred D. Katz

470 **One-Stage Composite Reconstruction Using the Latissimus Myoosteocutaneous Free Flap.** Douglas R. Schmidt and Martin C. Robson

473 **One-Stage Reconstruction of the Hypopharynx Using Myomucosal Tongue Flap and Dermal Graft.** John M. Loré, Jr., Douglas W. Klotch, and Keun Y. Lee

477 **Platysma Musculocutaneous Flap: Clinical and Anatomic Considerations in Head and Neck Reconstruction.** John J. Coleman III, Foad Nahai, and Stephen J. Mathes

482 **Modified Bilobular ("Gemini") Pectoralis Major Myocutaneous Flap.** Arthur W. Weaver, Henry J. Vandenberg, Jr., Donald P. Atkinson, and James R. Wallace

489 **One-Stage Pharyngoesophageal and Oral Mucocutaneous Reconstruction With Two Segments of One Musculocutaneous Flap.** Gordon R. Tobin, John S. Spratt, Kirby I. Bland, and Leonard J. Weiner

494 **Books Received**

495 **Book Reviews**

EDITORIAL

497 **Hazardous Practices Currently Recommended in Intestinal Analysis.** Edgar J. Poth

OUR SURGICAL HERITAGE

498 **The Paget Tradition Revisited.** Kendall Reed and Theodor B. Grage

SCIENTIFIC PAPERS

504 **Hyperparathyroidism: Problems in Surgical Management.** James R. Hines, Raja Atiyah, James Kliefoth, and John M. Beal

511 **Lessons of Parathyroid Reoperations.** Kenneth H. Cohn and William Silen

518 **The Congo Red Test to Determine Completeness of Vagotomy. Clinical Application.** Richard P. Saik, A. Gerson Greenburg, and Gerald W. Peskin

523 **Adrenal Surgery: Trends During the Seventies.** Bertil Hamberger, Colin F. Russell, Jonathan A. van Heerden, William H. ReMine, Robert C. Northcutt, Patrick F. Sheedy II, Anthony J. Edis, and Duane M. Ilstrup

527 **Polymethyl Methacrylate Dissolved in Chloroform as Treatment for Superficial Digital Injuries.** Mounissamy Batmanabane, Santhanagopalan Malathi, and Gabriel J. Ekandem

528 **Endoscopic Noninvasive Manometry of Esophageal Varices: Prognostic Significance.** Philippe Gertsch, Pierre Loup, Hugues Diserens, Francois Mosimann, and Roger Mosimann

531 **Decreased Prevalence of Gallstones in Gastraic Cancer.** Timo Kalima, Jorma Sipponen, Eero Kivilaakso, and Pentti Sipponen

534 **Pancreatic Abscess: An Unresolved Surgical Problem.** Gerard V. Aranha, Richard A. Prinz, and Herbert B. Greenlee

539 **Pancreatic Endocrine Function After Total Gastrectomy and Truncal Vagotomy.** Takaaki Sudo, Kenzi Ishiyama, Masahiko Takemoto, Masao Kawamura, Hiroya Umemura, Sei Shiraha, Takeshi Kuyama,Takashi Suzuki, and Takayoshi Tobe

545 **Peptic Ulcer Disease Following Transplantation: The Role of Cimetidine.** Paul J. Garvin, Kathleen Carney, Marco Castaneda, and John E. Codd

549 **Effect of Biliary Reconstruction Procedures on Gastric Acid Secretion.** Toshio Sato, Mikio Imamura, Iwao Sasaki, and Jinichi Kameyama

554 **Inhibition of Gastric Mucosal Carbonic Anhydrase by Taurocholic Acid and Other Ulcerogenic Agents.** Eero Kivilaakso

558 **Effects of Intraluminal Pressure on Regional Blood Flow in Obstructed and Unobstructed Small Intestines in the Rat.** Lars Enochsson, Gunnar Nylander, and Ulf Öhman

562 **Water-Ionic Shifts and Absorption in Relation to Intraintestinal Hyperosmolality in the Rat.** Mats Mogard and Gunnar Nylander

REVIEWS

570 **Ulcer Recurrence, Morbidity, and Mortality After Operations for Duodenal Ulcer.** Hugh H. Trout III

MODERN OPERATIVE TECHNIQUES

573 **Recurrent Carotid Stenosis or False Aneurysm. A Simple Approach.** Gordon Sproul

576 **Salvage of External Shunt for Hemodialysis.** Dai D. Nghiem and Robert J. Corry

578 **Intraoperative Assessment of Limb Revascularization by Doppler-Derived Segmental Blood Pressure Measurements.** Larry R. Williams, D. Preston Flanigan, James J. Schuler, and Leonardo T. Lim

580 **The Levator Syndrome and Its Treatment With High-Voltage Electrogalvanic Stimulation.** Norman Sohn, Michael A. Weinstein, and Richard D. Robbins

583 **Intramesenteric Ureteroileostomy for Urinary Reconstruction Following Pelvic Exenteration.** Shunzo Maetani and Takayoshi Tobe

585 **Operative Ultrasonic Features of Insulinomas.** Rodney J. Lane and Graham A. E. Coupland

CASE REPORTS

588 **Malabsorption Secondary to Meckel's Diverticulum.** John A. Savino

593 **Microvascular Free-Flap Coverage of Mechanical Injuries to the Upper Extremity.** Robert M. Olson, Michael B. Wood, and George B. Irons

NEW INSTRUMENTS

597 **Surgical Shrapnel.** Leon Morgenstern

PAPERS OF THE SOUTHWESTERN SURGICAL CONGRESS

PRESIDENTIAL ADDRESS

600 **The Southwestern Surgical Story.** Albert J. Kukral

THOMAS G. ORR MEMORIAL LECTURE

605 **The Pathophysiology of Acute Renal Failure.** Arlo S. Hermreck

SCIENTIFIC PAPERS

611 **Effectiveness of Leg Compression in Preventing Venous Stasis.** Jonathan S. Mittleman, W. Sterling Edwards, and Jacqueline B. McDonald

614 **Ultrasonographic Screening for Evaluation and Follow-Up of Carotid Artery Ulceration. A New Basis for Assessing Risk.** John M. Johnson, A. Lee Ansel, Sandra Morgan, and Darlene DeCesare

619 **The Denver Peritoneovenous Shunt: Relationship Between Hepatic Reserve and Successful Treatment of Ascites.** William W. Turner, Jr. and R. Mark Pate

624 **Percutaneous Placement of Hickman Catheters for Prolonged Venous Access.** John Hawkins and Edward W. Nelson

627 **Discordance in the Sizing of Abdominal Aortic Aneurysms and Its Significance.** Allen H. Graeve, Charles M. Carpenter, Jeffrey D. Wicks, and W. Sterling Edwards

635 **Incidence of Lobular Carcinoma in Bilateral Breast Cancer.** Terry R. Lewis, John Casey, Charles A. Buerk, and Kirk V. Cammack

639 **Use of Thyroid Scans in the Selection of Surgical Patients.** Lawrence W. O'Holleran, Timothy P. O'Holleran, George Q. Mills, and Sam H. Kouri

642 **Penetrating Injuries of the Iliac Vessels. Early Recognition and Management.** William Ryan, William Snyder III, Tom Bell, and John Hunt

646 **Primary Malignant Retroperitoneal Tumors. Current Management.** Robert L. Bryant, D. Richard Stevenson, David W. Hunton, Kent C. Westbrook, and Robert E. Casali

650 **Gastroschisis and Omphalocele.** Steven D. Schwaitzberg, William J. Pokorny, Charles W. McGill, and Franklin J. Harberg

655 **Nutritional Evaluation of a Blenderized Diet in Five Major Burn Patients.** Robert T. Bailey, Jr., Anthony J. Carnazzo, and Claude H. Organ, Jr.

660 **Percutaneous Catheter Drainage of Intraabdominal Fluid Collections Including Infected Biliary Ducts and Gallbladders.** Mark H. Miller, Philip R. Frederick, Irene Tocino, and A. Lee Bahr

668 **Advanced Hidradenitis Suppurativa. Review of Surgical Treatment in 23 Patients.** J. Ralph Broadwater, Robert L. Bryant, Robert A. Petrino, Charles D. Mabry, Kent C. Westbrook, and Robert E. Casali

671 **Evaluation of Diaphragmatic Injuries.** Ronald J. Aronoff, Jack Reynolds, and Erwin R. Thal

676 **Comparison of Ultrasonography, Computerized Tomography, and Radionuclide Imaging in the Diagnosis of Acute and Chronic Cholecystitis.** Nathaniel M. Matolo, Robert C. Stadalnik, and John P. McGahan

682 **Frequency and Indication for Choledochoduodenostomy in Benign Biliary Tract Disease. Reassessment of Therapeutic Application.** Harold V. Gaskill III, Barry A. Levine, Kenneth R. Sirinek, and J. Bradley Aust

685 **Five Year Experience With Pancreatic Pseudocysts.** Brian R. Boggs, John R. Potts III, and Russell G. Postier

689 **Parietal Cell Vagotomy in a Surgical Training Program.** Robert V. Weger, Donald E. Meier, Charles T. Richardson, Mark Feldman, and Robert N. McClelland

694 **Age and Morbidity of Vagotomy With Antrectomy or Pyloroplasty.** William P. Fiser, J. Clay Wellborn, Bernard W. Thompson, and Raymond C. Read

700 **Effect of Operations for Variceal Hemorrhage on Hypersplenism.** Nathaniel J. Soper and Layton F. Rikkers

704 **Comparative Evaluation of Selective and Nonselective Peripheral Portosystemic Shunts for Treatment of Variceal Hemorrhage.** Dan S. Reiner and Donald L. Kaminski

711 **Alternatives to Splenectomy in Adults After Trauma. Repair, Partial Resection, and Reimplantation of Splenic Tissue.** J. Scott Millikan, Ernest E. Moore, George E. Moore, and Ronald E. Stevens

717 **Severe Liver Trauma in the Face of Coagulopathy. A Case for Temporary Packing and Early Reexploration.** James A. Svoboda, Edward T. Peter, Chau V. Dang, Steven N. Parks, and John H. Ellyson

722 **An Autopsy Study of Traumatic Deaths. San Diego County, 1979.** Tom S. Neuman, Mary Anne Bockman, Peggy Moody, James V. Dunford, Lee D. Griffith, Steven L. Guber, David A. Guss, and William G. Baxt

728 **Treatment Priorities in Combined Blunt Abdominal and Aortic Trauma.** Karen R. Borman, Christina M. Aurbakken, and John A. Weigelt

733 **Early Surgical Decompression in the Management of Electrical Injuries.** C. James Holliman, Jeffrey R. Saffle, Melva Kravitz, and Glenn D. Warden

740 **Reduction in the Morbidity and Mortality of Major Hepatic Resection. Experience With 52 Patients.** William H. Ryan, Brian W. Hummel, and Robert N. McClelland

744 **Peritoneal Lavage and Angiography in the Management of Patients With Pelvic Fractures.** Mark G. Gilliland, Richard E. Ward, Timothy C. Flynn, Priscilla W. Miller, Yoram Ben-Menachem, and James H. Duke, Jr.

748 **Carotid Artery Injuries.** Marion Brown, Joseph M. Graham, David V. Feliciano, Kenneth L. Mattox, Arthur C. Beall, Jr., and Michael E. DeBakey

754 **Books Received**

755 **Volume Indexes**
